## PET ADOPTIONS

When you adopt a new pet, you do something profound: you save a life. You give a deserving animal a second chance at happiness and simultaneously open up space in the shelter for another animal desperately in need of care. Every wagging tail, every happy purr, is waiting for a story to begin. And the next chapter starts with you!

The animals here at the shelter are either stray animals or were unclaimed by their owners. All animals found without identification are held for five (5) business days to allow the owner a chance to reclaim them.
